- FIGS. 85A, 87, and 88

These drawing should correct all of the problems which were objected to by the Chief Draftsperson, Ms. Bridget Gray, in a phone call with the undersigned attorney on July 14, 1998.

In addition, almost all of the figures which were comprised exclusively of text have been redrawn in a common formatting to comply with the new margin requirements, so as to make the figures appear more uniform. This was done for figures

even if they had not been objected to in the July 14, 1998 phone call with the Chief Draftsperson.

Also, FIG. 32 has been resubmitted in formal form. This has been done because the only copy of FIG. 32 in the undersigned's possession improperly has the numerals "FIG. 33" written on it in addition to "FIG. 32" as a result of improper photocopying. In the newly submitted copy of FIG. 32, this error has been removed.

The telephone call of July 14, 1998, with Ms. Gray was occasioned by objections to the drawings in application 08/883,297, a sibling divisional application of the current application. In that telephone call the undersigned attorney pointed out that the 08/883,297 application was one of nine divisional applications which all had the same parent application, all had the same drawings, and all had received objections to their drawings. Unfortunately different applications had received different objections to the same drawings. I requested that one set of corrections be allowed for all of these nine applications and for the FWC of the parent application filed. Ms. Gray agreed and stated that the corrections she approved for application 08/883,297 would be appropriate for all ten of these related applications. Therefore, it is respectfully requested that the enclosed drawings, which are copies of the drawings Ms. Gray has approved of in the 08/883,297 application, be allowed in this related application.

If there are any questions or problems concerning these drawings, please call the undersigned at the number indicated below.

Respectfully Submitted,

A handwritten signature in cursive script, appearing to read "Edward W. Porter".
